

**A Word from the Lord Regarding:  
The Lion from God  
(June 30, 2017)**

By Karen Connell

Each year I try to pull away and get alone to spend some quality quiet time with the Lord. On my recent 3 week summer sabbatical, I was led by the Holy Spirit to spend time meditating in (Isa 29), and following is what the Holy Spirit spoke to me on June 30, 2017 ...

*“Woe to (Ariel—means:) **the Lion from God**—(Donald Trump’s MAGA logo is that of a “lion”) thus I heard “woe” is being proclaimed to Trump—and to Donald Trumps’ city—for what is beloved from his camp will be swept away year by year. Victims will be killed. Pressure and distress will be upon TRUMP—there shall be mourning and grieving over great losses that will happen...*

*With respect to “Ariel” [Trump]... Encampments or military stations will be piling up. Because of a show of hostility by military power that will arise and come powerfully against fortified cities—these encampments or military stations will bring these cities down.*

*This nation will be humiliated, for what has been promised will be depicted as evil and spoken against as rubbish. It will come to pass that the conjured spirit of Nergal (Babylonian god of death, war, and destruction) that is over this nation, will proclaim “words from God”— through false prophets and it will be rubbish that is being whispered in the ear of Trump.*

*What is happening is that the rubbish among us is being taken very lightly—therefore there will be noisy tumultuous crowds of people and army troops of foreigners.*

*This nation and God’s people in this nation are under God’s judgment because they have overstepped the covenant and*

*commands of the Lord their God. These noisy tumultuous crowds of people will be strong, great in power and terribly violent, they will come into existence in an instant and there will be an opening of the eyes for many.*

*The Lord Sabaoth's punishing visitation will be accompanied by thunder and earthquake and a great noise accompanied by strong winds that stir up the oceans (tsunami) and there will be consuming fire.*

*There have been dreams that are prophetic communication concerning the gloom and despair—and concerning the calamities and the noisy tumultuous crowds of people. All nations (or ethnic groups) who wage war will “assemble for battle” to fight against Trump. These are wicked people who delight in catching other evil ones, forcing them to surrender under duress, and by violent means.*

*There will also be dreams by false prophets concerning the hunger and lack of care in those cities that are under siege, causing people to be deceived into becoming hopeful—expecting to eat meals provided for them. This will rouse up those who are of worthless moral character and these will be evacuated. The souls of those who thirst for satisfaction, will—because of false prophecy be deceived into becoming hopeful—expecting to be able to be satisfied.*

*Those who were aroused by false expectations are in for a surprise when they see... a drafting into service, of faint, weary, exhausted, people becoming weaker from hard work and needing nourishment. Their souls will be totally confused because of their strong desires.*

*There will be the sound of tumultuous crowds of people and military troops from all nations (UN), which have been assembled for battle by those who promote Zionism (Illuminati).*

*Those who delayed and hesitated (to prepare) will be shocked and stunned by what they see. They were blinded by what they enjoyed and by what pleased them. What they enjoyed caused them to become overwhelmed by an intoxicating (demonic) influence... but not because of drinking wine. They waver and are double mined but not because of strong drink.*

*What is going to happen in regard to this revelation concerning all that has been written, is that it will be used as evidence. What has been revealed was sealed up and not revealed until the bringing forth of the counting and adding—(the 2020 census?) that will be according to demanding judgments (I was told this was in reference to Nathan Leal's*

*(Jer 29:3) “spirit of Nergal” over USA revelation-this DVD is included in the “End Time Apostate Christianity-Watchman package). The Lord went on to say... by understanding his (Nathan’s) revelation it is the basis for being instructed to write this prophetic document. What is being communicated here is to be published NOW. When this, which is being communicated, is not able to be tolerated by those who read it, it is because it is sealed up from those who cannot tolerate it.*

*This that has been brought forth, is needed as written evidence and is to be documented. Because it will none the less, be skillfully used as evidence that has been documented and appointed as a call that needs to go out NOW! That which has been declared and determined as truth, must be made known as written documented evidence.*

*What the Lord has determined and declared is for the purpose of being made aware of what is approaching the citizens of this land. The people with their mouth speak glorious things about the Lord God—but their hearts are very distant from Him. This exists because their fear of the Lord God is according to the false teachings of people who are highly esteemed as teachers, therefore they do not fear the Lord.*

*Therefore, behold! There will be a continual increase in difficult and astonishing works of judgment among the people. These difficult and astonishing works of judgment will be supernatural in nature and will not be easily understood to be acts of judgment, which are for the purpose of redemption for those who are lost and void of wisdom. However, those who are wise and are discerning have been intelligently informed and instructed and do understand they will need to carefully conceal and hide themselves.*

*O how deep is the insight and understanding from the Lord. Being prevented from knowing or not seeing the plans and the plots that exist from darkness is because of doubting, questioning and challenging whoever is discerning and whoever is aware and has been instructed and has knowledge. Those doing this are being blinded by the spirit of skepticism.*

*Because perverseness has been allowed to turn things upside down in this nation, surely there will be a churning heap, a surging wave of water that will create a heap of dead bodies. This disaster will create a resolution or a plan—that has been predetermined by the enemy, but will cause what is appointed to accomplish nothing. What will be accomplished though, is the forming of imaginations in the mind –the intellectual framework for mind control of those with no discernment... a framework for furthering mind control. Yet very few will be turned to righteousness in all of this upheaval.*

*(This next statement was a personal reference for me as confirmation concerning our survival camp) ...An area of fertile ground has been set aside for growing, this area of fertile ground set aside for growing is in a forest of woods and is to be highly regarded with favor. Pay obedient attention and call a gathering together when you hear of times of trouble. Those with the inability to spiritually hear (discern) the prophetic matter of this document, are spiritually unreceptive and will be led by what is carnal when it comes to calamity, evil and death. Ignorance misery and death will appear before these spiritually dull and blind ones.*

*Those who are discerning ... are to join themselves with the humble and sanctified ones of the Lord, in rejoicing when subject to oppression and abuse or when in need of deliverance from trouble. The people who are the Holy Ones of Israel—the true Saints of God—will be joyful!*

*I also heard that... Most assuredly there will be an end to a ruler, who is haughty and behaves ruthlessly toward his subjects, this leader will be gotten rid of and destroyed. His scoffing scolding mouth will be cut off. All need to be on the lookout for his evil mischief.*

*When this occurs, a man will bear the blame (Trump?), recorded reports will convict, reprove and argue against him. A portal is being used to set a trap to pervert and cause an inclination to overthrow and put him away in order to cause confusion and eliminate any form of justice.*

*Rightly so, after this, the Lord says this, concerning those of His children who have been tripped up by deception ... when they receive deliverance as the true seed of Abraham, truly, there will be immediate shame. These deceived ones will truly and immediately face their shame.*

*Nevertheless, these will be discerning children who will operate under the power, means and direction of the Lord, and in their midst they will make themselves holy and clean in character and obtain authority. They will proclaim themselves to be saints of God. These who were tripped up by deception will have Great fear and awe of their God.*

*They shall discover they have been deceived and seduced spiritually... understanding that they rebelled by complaining, whispering and backbiting against skillful teaching and instruction.”*
